

Hello,

In case we haven't had the chance to meet, I'm Greg Manzulenko and I've been the Site Manager at Capital Power's Island Generation facility since March 2008. I truly enjoy being a part of this community and am proud to be able to support several community initiatives through Capital Power's community investment program.

We support important social service agencies like Campbell River and North Island Transition Society and Campbell River Family Services Society to help individuals and families in need.

We're also proud to partner with groups like the Campbell River Canada Day Committee and Rotary Club, who make our community a better place to live, work and raise our families.

In 2023, we launched our Community Sustainability Fund offering grants of up to \$20,000. See page 2 for more information on last year's local recipient and how you can apply for the 2024 grant.

Thank you for taking the time to learn about our facility. I wish you and your families health and safety.

Greg Manzulenko
Site Manager, Island Generation

About Us

Capital Power (TSX:CPX) is a growth-oriented power producer committed to net zero by 2045, with approximately 9,300 MW of power generation at 32 facilities across North America.

We prioritize delivering reliable, affordable and decarbonized power that communities can depend on.

Powering Change
by Changing Power™

Site Updates

- > We recently completed a plant lighting upgrade project (LED) that improved plant lighting and included a savings in monthly energy.
- > Our ongoing partnership with the Campbell River fire department allowed for three high angle training sessions to be completed at our site this year.

Building our community together

We're excited to collaborate with innovative organizations and partners making significant impacts on the vibrancy, wellbeing and overall sustainability of our communities. We aim to source supplies and services locally for our operations, as well as hire from the community.

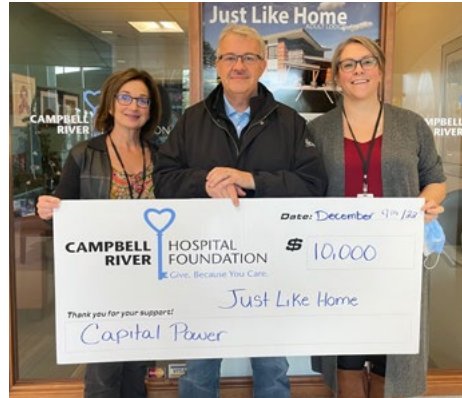

We give back where we live and work by supporting local organizations and through our employees' community participation with our corporate giving programs.

Recent community support includes:

- Discovery Coast Greenways Land Trust
- Campbell River and North Island Transition Society
- Campbell River Hospital Foundation
- Campbell River Family Services Society
- Rotary Club of Campbell River
- Campbell River Salmon Festival

Looking forward to another great Canada Day in Campbell River.

Proud annual supporter of the Campbell River Hospital Foundation.

We are proud to support the communities where we live and work to help you achieve your climate action goals. Last year, we launched our Community Sustainability Fund (CSF) to support sustainable grassroots projects that benefit our communities. Grants of up to \$20,000 are available!

We're excited to announce that The City of Campbell River and Rotary Club received a \$20,000 grant from the CSF to reduce the carbon footprint in the region for the addition of an EV charging station for their new electric vehicle fleet. The charging station is also available to the public.

The deadline to apply for our Community Sustainability Fund is May 31, 2024.

For more info or to apply, visit: www.capitalpower.com/CSF

Request support for your community initiative

Capital Power provides support in the areas of Climate Action, Wellbeing and Equity & Opportunity. If you are a part of a community organization that operates in this area and have events or initiatives that support these impact areas, please consider requesting support through our on-line system on our website: www.capitalpower.com/support
